I appreciate the effort of the staff in opening a new facility for us, as they faced many challenges, such as the completion of renovations, the hiring of a physician, and the giving of a tour. I understand that the diagnosis of an illness can be frightening to the patient, the family, and the healthcare team. However, I am impressed by the level of assistance the team gave to the community and residents of Navarre. The staff was informative, patient, and did a great job in answering questions, helping me, and following up on my questions and recommendations. I have yet to visit the facility, but I was surprised to hear that it is the only facility in the area providing an urgent care clinic. The facilities in the area are only open for outpatient services, and the

---

area is not as large as other cities. I recently met a young woman who works at the facility. I found her to be outgoing, professional, and respectful of all people. I believe the community will benefit greatly from this new service. Although, the medical director is an outstanding physician, I believe the importance of the medical director is that he or she inspires and guides the staff to the best way to care for the patient. I was extremely impressed with the staff at the Baptist Urgent Care Navarre, and I am sure they will serve this community with the same grace, professionalism, and expertise. I will be adding my voice to the community in support of the Baptist Urgent Care Navarre. I look forward to working with the team, and as we roll out our rural healthcare network, I encourage our community to get involved in this new venture as we look to provide quality, patient-centered medical care in our communities. I know the impact this type of care can have on our patients, and it can make a difference in our quality of life. We can all be empowered by the ability to choose the kind of care we need in a timely manner. I truly believe we will not only provide quality medical care to our patients, but we will have an opportunity to care for them, one patient at a time. \*Dr. Pransky\* Category Archives: Homecare Anyone who is thinking about retirement is most probably not someone that is getting ready for the plan of “boomerang”. So the idea of extending the usage of your golden years into retirement is one of those ideas that may not have been conceived yet. If you are thinking of the idea of retirement then it is essential to give 82157476af
